### Basis of the Certification

DIN EN 50518 : 2020-02

The certification exclusively covers the certification in the specified scope. The current validity can be verified at [www.vds.de](http://www.vds.de)

The certificate may only be duplicated without changes and with all attachments.

During the entire validity of the certificate, the Monitoring and Alarm Receiving Centre must always meet the requirements of the certification basis. VdS Schadenverhütung GmbH inspects this on a regular basis.

Any advertising with the PROVE certification shall reflect the correct contents of the certificate and shall not violate any competition regulations.

VdS Schadenverhütung GmbH  
Amsterdamer Str. 174  
50735 Köln  
Germany

The certification body of VdS Schadenverhütung GmbH is accredited by the "Deutsche Akkreditierungsstelle GmbH" (DAKS) for the certification of Monitoring and Alarm Receiving Centres in accordance with DIN EN 50518-2014.

The update of the existing accreditation to DIN EN 50518:2019 has been commissioned to the DAKS. As soon as this is available, the certified company will receive an updated certificate.

Cologne, 15.04.2021
